---

## WORK EXPERIENCE

### Primary Article Writer, (Independent Apple News Website) 2016-2020

- Worked as the primary article writer at TechnologyPage, an independent publication specializing in Apple products. Covered the latest technology-related news, including contests and competitions, and consistently provided insightful content on emerging trends in the Apple ecosystem.

### Seller, Lazya Supermarket 2020- 2022

- Worked as a seller at Lazya Supermarket, where I developed strong customer service skills, demonstrated a strong work ethic, and excelled in time management. Gained valuable experience in effectively handling customer inquiries, managing sales transactions, and ensuring a positive shopping experience.

### Volunteer, Medical Laboratory, Medico Hospital 6 Months

- Volunteered in the medical laboratory at Medico Hospital, where I assisted with various lab tasks, gained hands-on experience in medical procedures, and supported the lab team in ensuring accurate and timely results. Developed a strong understanding of laboratory operations and contributed to maintaining a high standard of patient care.

### Marketing Specialist, Sadaf Cleaning Co. 8 Months

- Executed marketing activities, including designing posts, managing Meta advertising campaigns and sponsorships, writing articles, and creating logos. Contributed to increasing brand visibility and supporting the company's marketing objectives through effective content and strategic advertising.

### Freelance Marketing Specialist, Ako Company

- Provided freelance marketing services, including creating post designs, managing Meta advertising campaigns and sponsorships, writing articles, and designing logos. Contributed to the company's marketing efforts by delivering creative and effective solutions on a project basis.

### Snapchat Lens Network Developer 2019-Present

- Official member of the Snapchat Lens Network with 5 years of experience in lens development. Specialize in augmented reality and game development within the Lens Studio platform. Created innovative and engaging lenses, contributing to the Snapchat community and enhancing user experiences.

**IT and Office Supervising, Sharez Company**

**2023 - Present**

- Oversee and manage IT operations and systems, including the implementation and maintenance of office management tools. Handle a variety of tasks such as invoice creation, sales processing, and inventory management. Utilize Photoshop for designing company materials and manage the company website. Analyze sales reports and inventory data, ensuring accuracy and efficiency. Perform data entry tasks and utilize advanced Excel and Word functionalities to support office processes. Supervise sales employees, ensuring effective performance and alignment with company goals, all while maintaining organized and efficient IT and office operations from a dedicated workspace.
